

PAEDIATRIC PRE-HOSPITAL EMERGENCY CARE COURSE (P-PHEC)

COURSE PROGRAMME

LOCATION

DATE

Welcome to the BASICS Scotland Paediatric Pre-Hospital Emergency Care Course (P-PHEC)

We are delighted to have you join us for this weekend training programme and we hope you find it both engaging and rewarding.

Programme of Events

This course has been carefully structured to provide 16 hours of face-to-face learning, supported by 4 hours of pre-course online learning. Please take a moment to review the programme and familiarise yourself with the layout of the rooms being used.

Mentorship and Feedback

Throughout the course, you will meet with your mentor as part of your group. These sessions are designed to allow open discussions about the course, provide opportunities to give and receive feedback and help you make the most of your learning experience.

Making Notes

For your convenience, this booklet includes spare pages for notetaking. Feel free to use these to jot down key points, reflections or questions as you go along.

Health & Safety

Your safety is a top priority. In the event of a fire alarm, please vacate the building promptly via the nearest fire exit. The location of fire exits and assembly points will be highlighted at the start of the course. Please note that smoking is strictly prohibited on the premises.

Pre-Course Learning

To maximize your experience, we recommend completing the following BASICS Scotland e-learning modules before the course:

- Paediatric Patient Assessment
- Paediatric Medical Emergencies
- Paediatric Cardiac Arrest Management
- Paediatric Trauma Emergencies

Expected Competencies

Prior to starting the course, you should be familiar with:

- Basic life support, including CPR and AED use, in line with 2021 Guidelines.

Thank you for joining us on this journey to enhance your skills in pre-hospital emergency care. We hope you enjoy the course and find it valuable for your professional practice.

If you have any questions or need assistance, please don't hesitate to ask.

Let's make this a productive and enjoyable weekend of learning!
